

Morgath-[D&D 5e] Basic Guide to the timeline

Written by Alabaster#1082

The Timeline of Morgath isn't very important at the moment. With the most important factor being that the ∇-1 symbol represents after the cataclysm that destroyed history, and dates before that are recorded similarly to how we record B.C.E.

-0 ∇-1, The cataclysm/calamity.

-12 ∇-1, First Settling of Agnon

-15 ∇-1, Elven Settling of Sudal

-54 ∇-1, First Marshal School,

-148 ∇-1, First Settling of Tartaruga

-241 ∇-1, Assassination of Tartaruga's last king, Reginald, by an unknown assailant.

-2d3 ∇-1, starting date.

(future stuff to be added as server progresses.)
