

Fraction Number Battle (Grades 4 - 6)

Players: Groups of two

Materials: Deck of cards, Ace worth 11, Jack worth 12, Queen worth 13, King worth 14, scratch paper

Skill: Number recognition, multiplication, fractions, numerator, and denominator

How to Play: Players split a deck of cards and simultaneously flip over their top two cards, using the smaller card as the numerator.

The greatest fraction wins all four cards.

If the cards are equivalent fractions, the cards are placed in a center pile. The next hand is played normally and the winner of the next fraction multiplication number battle takes the center pile as well.
