GPennell My friends are Jewish and they totally agree with all of this!

Slingshot1987 I dont know personally

Catiedidit It sounds like they are hiding behind the Muslims as well and

Catiedidit catholic

Doctim11 I think the evil behind it goes back further than the Sabbatean Frankists

RODSTER426 Bolshevism and Czar Payback...

Collinwood01 🗨️ Think about it, anyone starts talkin bout "jews" they get shut down and I think its because theyre over the target

Collinwood01 🗨️ Yes Catie, theyre usin all religions to hide themselves. I think theyre the Harlot talked about in Revelations

RODSTER426 They were offered Madagascar.... they didn't want it....

RODSTER426 Balfour Declaration...

UH

ronpartain 👑⚡👋 yes, Madagascar and Uganda

Wynters65 🍷👋 They basically infiltrate and use... They do that now to an extent by pretending to support blacks and trans yet exploit them and use them to get control while using them as fodder/killing them off

GPennell 🎯

Wynters65 🍷👋 is this correct thinking?

Collinwood01 🗨️ If these people really studied the bible theyd understand that the nation of israel isnt a land mass. Gods people are Gods people all over the world, A true nation of Israel

[RODSTER426](#) Thanks Ron...

[Slingshot1987](#) Exactly

[Slingshot1987](#) Nice

[Catiedidit](#) I wonder are these the people that God said to slay, but they did not and then they infiltrated the priesthood...further the ones Jesus talked about in the Temple.

[pvsquish](#) oh my throwed off again. I watch a guy that does great work. Peter S. he has been talking about so much of this. 7 day bancool ,no problem. butter removed his video, I shared it to a chat removed.

[RODSTER426](#) Germany jewish reparations?...

[Collinwood01](#) 🗨️ Problem I have with reparations isnt that they arent deserved but you need to find the criminals and use their resources to compensate. Holding future generations accountable for things they never did

 [Collinwood01](#) 🗨️ is wrong

[SHADOW7777](#) I can't understand most of what he is saying because of the accent and echo

 [Collinwood01](#) 🗨️ Think about that, taking a building and makin up a story, thats not unfounded. Are we just abiding fiction, made up stories? Who benefits from such?

[Catiedidit](#) yes

[RODSTER426](#) Official Intl Red Cross records contradict narrative propaganda!...

[Attic23](#) look what happened to RFKJr ridiculous

[Collinwood01](#) 🗨️ I have read about cremations dont add up for the holocaust, mathematically. There wouldnt have been enough time to burn the bodies in so little a time frame

[pvsquish](#) but what about the survivors? Great 👍 .

[Jrod3000](#) Collin wood. I read this as well. they said they had 4 crematoriums in aushwitz. today's standards could only do 16 bodies a day. not 1500
