

Policy for Value Added Packaging Farmers on the Square (FOTS)

Vendors are permitted to use packaging materials (e.g., insulated and uninsulated tote bags, baskets, vases) to contain previously approved sale items. Such packing materials can enhance the appearance and increase the value of previously approved sale items as well as promote the vendor's brand. The materials, however, may not be sold separately and must be approved by the FOTS Board prior to use.

[Incorporated into Operating Guidelines as of 9/8/2025 as point 1.b.a; this document has been superseded and is now obsolete]
