

Resident Questionnaire for EyeRes

Thank you for agreeing to tell us about your program! With no in-person interviews and limit of one away rotation, students are finding it difficult to learn about prospective residencies so we are striving to create a one-stop shop for applicants to read about all things culture, logistics, and more.

Please complete this document and email your response to eyerestools@gmail.com. Attach any pictures of your program/residents/life you want to share alongside your submission! Feel free to insert any weblinks in your responses!

Name, Training Year (leave blank if you prefer to be anonymous):

Can applicants contact you for more information? If yes, how (email/social media)?

Yes:

Instagram:

Twitter:

Are there upcoming residency events (virtual open houses, webinars, etc.) you'd like us to promote?

Residency Program:

Medical School :

What attracted you to this residency program?

Walk us through a typical day in your program:

For applicants who may not have the opportunity to rotate at your program, what is the culture at your program like?

What do residents at your program do for fun? Any highlights to share about your city?

What advice do you have for applicants in general?
