Instructions:

1. Use Blending Brushes to create a rainbow ink panel on Shimmery White Cardstock square as follows: Sponge the top third with Poppy Parade Ink, the bottom third with Coastal Cabana Ink, and the middle with Daffodil Delight Ink, overlapping the colors to form some orange and green. Leave to dry.
2. Die cut large piece of Shimmery White Cardstock with the third largest Stitched Rectangle Die. Lay quatrefoil mask over panel and sponge with Gray Granite ink, leaving a white border around the edge.
3. Attach this panel to the Basic Black Cardstock and adhere both pieces to the card base.
4. Using the Versamark Pad, stamp the image onto the rainbow panel, positioning all the way to the left or right, and also stamp the sentiment onto the strip of Basic Black Cardstock. Heat emboss both with White Embossing Powder.
5. Cut out the stamped image, and die cut a large and small heart from the remaining panel with hearts from the Give it a Whirl Dies.
6. Attach the stamped image to the card base with Stampin' Dimensionals, and adhere the sentiment strip with Stampin' Seal.
7. Attach the two hearts and brush them with Wink of Stella. Embellish with the Matte Black Dots.
