

# The ACT exam at MHS

By Kayden Smith

For students at McCook Senior High School, taking the ACT is a requirement, and more than just a test. This test gives students the opportunity to qualify for the college of their choice, allowing them to take the next step in their future. This will allow students to grant themselves the future they desire.

According to ACT.org, the ACT is split into 5 sections: math, science, English, reading, and writing. The ACT takes around 4 hours, with a score of 18 being the average, and 36 being the highest.

The higher you score, the more likely you are to receive a scholarship. High schools today and in the past strongly emphasize the importance of college to better your future, making many things possible. Juniors at MHS took the ACT on Tuesday, March 25, and are anxiously awaiting their results.
