“Happy Holidays 2023” from the Cincinnati Longs!

May your blessings be increasingly apparent over this coming year…

As in 2022, we’ll use the “a picture is worth a thousand words” approach to save some text about 2023… :-)

We recognize the privilege of having kids who live nearby and are energized to spend time together. Sunday dinners like the one pictured above are a joy we don’t take for granted.

As this calendar year ends, our gratitude abounds. We hope the same may be said for you! Family and good friends are such a blessing, whether for a season, reason or life. Thanks for being there!

We’ll hope to cross paths and/or hear from you during 2024. May good health, love, peace and joy be with you and those you love, this day and always...

With much love,

The Longs
