

2020-2021 Beginning of the Year District In-Services

There is no pre-registration for this year's BOY in-services.

To access all the posted resources, complete knowledge checks, and request credit, please make sure you are logged into your **own** sumterschools.net Google account.

Start at: <https://sites.google.com/sumterschools.net/inservices/>

Locate your area (e.g., Elementary, Middle, High) and click to see more specific areas.

Click on link for your specific area (e.g., First Grade Mandatory PD, High School Math Mandatory PD)

This will take you to the list of e-courses for your required PD. These e-courses have been built in the Wakelet platform.

Most audiences will have three basic areas for PD curriculum training, instructional technology training, and GoGuardian training. (If there is additional PD, it will be noted in the wakelet or otherwise communicated to the specific individuals.)

Curriculum training: Complete the training, complete the knowledge check, check your score and any feedback, use the knowledge check score to request credit through the provided link. You may take the knowledge check multiple times to increase your score.

Instructional Technology training: You have the opportunity to test out of this training. Please read the directions in the Instructional Technology wakelet carefully to know how to test out, what to do if you need PD on these areas, and how to receive credit if you complete PD in the GSuite PD wakelet.

GoGuardian: Follow the wakelet directions. You will receive a certificate from GoGuardian. If you already have completed this course with GoGuardian, you do not need to repeat it. If you want access to your certificate, log into the GoGuardian course to retrieve your certificate. (Instructions can be found in the GoGuardian wakelet.)

Tip: You may want to keep a journal of some sort to track which sections you have completed.

There is also an Explore wakelet containing optional, but valuable courses.

2020-2021 Beginning of the Year District In-Services

Filling out the request credit form will put you in the queue to receive a certificate for you to retain for your records and use for recertification documentation. Please be patient as they will be sent out over a period of time. The request credit form will send you a copy of your responses. Please do not submit multiple requests for the same PD. If a different process is used to award credit, it will be noted in the wakelets.

If you have a question concerning an e-course or information in it, please contact the creator of the e-course or the content coordinator for your area.
