Introduction

Next Meeting **May 25, 2022** “Nova and its Framework Usage”

Mu2e and its Framework Usage

- CI system in Mu2e has been adopted from CMS
- What are the main challenges today
 - Dealing with condition/alignment data in the database
- Does Mu2e have any plans to expand the usage of multithreading beyond simulation?
 - Not at the moment. Need to make sure the code is thread-safe
 - Also there is a person-power shortage for doing it
-
