ABSTRACT (11pt, Bold)

Abstracts are written in English with lengths of 150-250 words each and are tilted with Cambria 11 typed points with 1 spacing in 1 paragraph. Abstract is arranged with short

sentences, clear, coherent, and systematic and can describe the research process from background, objective, method, research implementation, to the conclusion of research result.

Keywords : (3-5 keywords or phrases), separated by a semicolon (;), Cambria 11pt

1. Introduction (12pt, Bold)

Introduction contains brief and concise research backgrounds, and objectives. Theoretical support is included in this section, similar research that has been done can be stated. Note : Manuscript typed with computer using Cambria font (Doc) one Column, on paper size 21 cm x 29.7 cm (A4), 1 spaced and in 11 point Cambria font. There should be a top and a bottom margin of 3.0 cm, with right and left margins of length 3 cm. How to write sources in text using bodynote. (Writter, 2022: 15)

2. Literature Review (12pt, Bold)

A literature review is a survey of scholarly sources (such as books, journal articles, and theses) on a particular topic. It gives an overview of key findings, concepts and developments in relation to a research problem or question. (Cambria 11pt)

All tables should be numbered with numerals. Every table should have a caption. Headings should be placed above tables, left justified. Only horizontal lines should be used within a table, to distinguish the column headings from the body of the table, and immediately above and below the table. Tables must be embedded into the text and not supplied separately. Below is an example which the authors may find useful.

Table 1 - An example of a table.

An example of a column heading	Column A (t)	Column B (t)
And an entry	1	2
And another entry	3	4
And another entry	5	6

All figures is copying in the format of jpg or png. Below is an example of the figure :

Fig. 1. Magnetization as a function of applied field. (Note that "Fig." is abbreviated and there is a period after the figure number followed by two spaces.) (Cambria 10pt)

3. Research Methods (12pt, Bold)

This section contains a complete and detailed description of the steps undertaken in conducting of research. In addition, the research step also needs to be shown in the form of flowchart of research or framework step in complete and detailed including reflected algorithm, rule, modeling, design and others related to system design aspect. (Cambria 11pt)

3.1. Design of The Study

This section contains design of the study

3.2 Participant

This section contains participant of the study

3.3. Procedure.

This section contains procedure of the study

3.4 Data Analysis

This section contains data analysis of the study

4. Results and Discussions (12pt, Bold)

Results and Discussion is a section that contains all scientific findings obtained as research data. This section is expected to provide a scientific explanation that can logically explain the reason for obtaining those results that are clearly described, complete, detailed, integrated, systematic, and continuous.

The discussion of the research results obtained can be presented in the form of theoretical description, both qualitatively and quantitatively. In practice, this section can be used to compare the results of the research obtained in the current research on the results of the research reported by previous researchers referred to in this study. Scientifically, the results of research obtained in the study may be new findings or improvements, affirmations, or rejection of a scientific phenomenon from previous researchers. (Cambria 11pt)

5. Conclusion (12pt, Bold)

This section contains conclusions and suggestions. Conclusion is a brief, clear, and precise statement of what is obtained contains advantages and disadvantages, can be proven, and directly related to the purpose of research. Suggestion is a follow-up study that is still needed to refine the results of research in order to be efficient. (Cambria 11pt)

Acknowledgement – optional (12pt, Bold)

Acknowledgements enable you to thank all those who have helped in carrying out the research. Careful thought needs to be given concerning those whose help should be acknowledged and in what order. The general advice is to express your appreciation in a concise manner and to avoid strong emotive language. (Cambria 11pt)

References (12pt, Bold)

The References list contains only the literature that is really referred to in Cambria 11 point paper. The style of APA (American Psychological Association) using in-text and reference list citations. The use of Mendeley, end note or other citation tools are very recommended. **At least 20 reference and APA Style.** (Cambria 12pt)
