# TALISMAN MANUAL SETUP GUIDE

Hello fellow **ADMINS**! Do you use **Roll20,** check this out:

WANT TO DO THIS WITH YOUR TALISMAN TOO?
Follow the steps below.
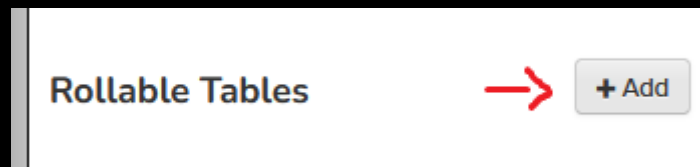

1. Access the link and download all talisman images:

📷 TALISMANS

2. Inside your game, go to the 'COLLECTION TAB' as seen below.

3. Inside your collection, create a new Rollable Table.

4. Inside the new Rollable Table you will add a new item per image. Click 'Add Item' and upload the images in order, from 0 to 6.

Talisman ✖

Name(Don't include spaces in the name)

Talisman

☑Players can roll from table?

or

Choose a file...

Delete Item

Save Changes Cancel

5. In the end give your table a name and 'Save Changes'. Now you will see the table on your collections, once you click on the 'Token' button the talisman will automatically appear on the map.
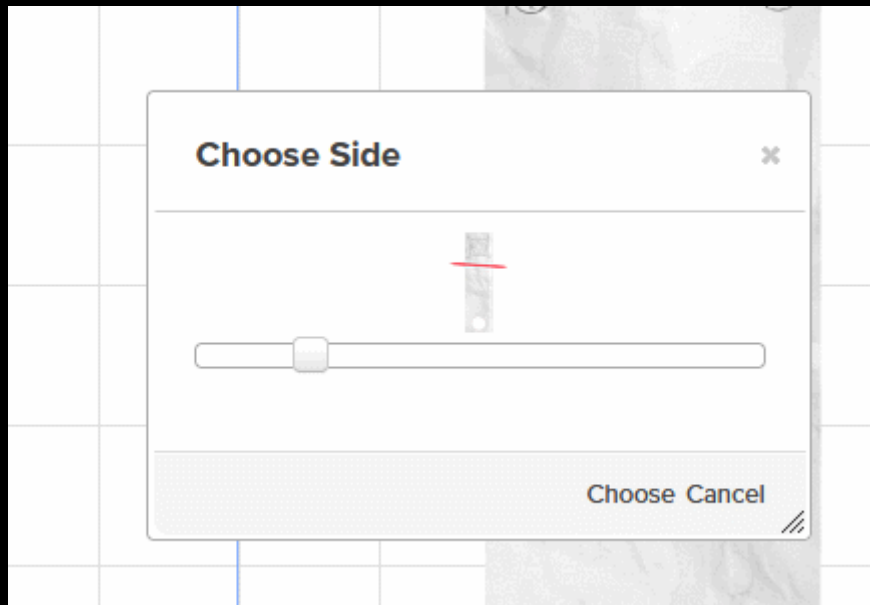

Rollable Tables + Add

Name	#	Actions	
	7	Roll	Token
	7	Roll	Token
Talisman	7	Roll	Token

(you may need to resize the talisman)

6. While on the map, you can click on the Talisman with your right mouse and change it's slashes by going to 'Multi-sided' > 'Choose Side'

Focus Ping
Advanced »
Layer »
Multi-Sided »   Random Side
                     Choose Side

7. Then you slide the Rollable Table to decide how many Slashes the Talisman will get.

AND DONE! **GO FORTH AND WIPE THE STAIN.**
