Now it's your turn to do the Can-Do Statement! The purpose of this activity is for you to try doing the Can-Do Statement using what you've learned and prepared in the previous stages and then to reflect on what you still need to work on to do the Can-Do Statement.

Can-Do Statement:

Part 1: Create

Write down the sentences you will need to introduce a friend. Be sure to include their names, ages, what they study and/or where they work, what they like and don't like, and any other pertinent information about them.

Please note that you do not have to describe an actual friend! You can pretend Loki (or anyone else) is your bestie for the purposes of this presentation.

Pictures or other visuals are optional.

Part 2: Share

Share your description with your classmates in front of the classroom, and take notes.
