Kick Wax Recommendation

| Base | Base wax, ironed | | |
| Kick 1 | Blue Synthetic in 1-2 layers. | Cover with 2-3 layers of Terva Red. Cork well. | |
| More Kick | Sub in Synthetic Violet for Blue. Apply Terva Red on top corked well. If too grippy, apply an extra layer of Red Terva and cork lightly. | Stronger corking mixes wax. Lighter corking for cover waxes. | If you're planning on skiing long, it may be worth carrying some Terva Violet with you to top up. |
