BeachwoodStudent With A Question?

Hi (Business Owner Name / Business Name),

I'm a Beachwood student living near (Business Location) studying marketing and have to help a local business for a project.

I've done some research and have a couple good ideas to share with you that I think can help you get some new customers for your (business type). If you like them and want to test them out that would be great.

Would you be willing to have a call or meet sometime in the next few days?

Thanks,
Itza

Never have I known the peace of confiding in another, or loving, as I have with you.

Though the distance between us may loom large, do not let it dismay you. Take heart, instead, in the echoes of my memory.

Wherever I roam, the thought of you will steady me—a well of strength when life's challenges seem impossible to overcome.

At the first whisper of snow, your name will hum through my mind like a sweet Christmas carol.

I'll feel the cold of your hand on my back, reaching for warmth, whenever I gaze at the moon and stars.

Books will find their way to me, and within every page, I'll breathe in the memory of your scent.

I'm glad to have met you, Alexus. My comfort, my healing, my peace.

I hope I am to you, what you are to me.
