Testimonials:

"Outstanding professional approach to all the tasks given...Very punctual, never missed a deadline...Showed flexibility when we needed the most and her eye for detail helped us a lot for avoiding production issues" - **Prime Media Studios**

"World-class acting, stellar-singing, and the charisma to raise an army of fans-- these are just some of the qualities that have made Aika a household name in the online voice acting scene. I've been graced with the opportunity to work with Aika in a project where she was both the project manager and a voice actress. Working with her was seamless and straightforward. She kept a healthy balance of politeness and being firm with her creative decisions. If you need a voice actress, singer, director, project manager, or even a social

media influencer with the X-factor to make your projects go viral, look no further than Aika Intong" - **Dave Soltura**
