A New Creation
by Ethan Morales

Good morning boys and girls happy Sabbath. Hope you guys are having a good week, good school year. Now happy Sabbath, today's children's story, we're going to be looking at second Corinthians five, verse 17, where it says, Therefore, if anyone is in Christ, he is a new creation, the old has passed away, behold, the new has come. Now, it says here that when we're in Christ, we are a new creation, kind of like this Rubik's Cube, you know, when you first get it, it's nice, clean, perfect, but then you start messing around with it, you know. And sometimes it's actually pretty hard to solve. You kind of have to train yourself on how to solve it. But if you spend enough time, and you learn the secret to solving it, you can solve it. Just like this. Brand new creation, just like we are, when we are in Christ are down here. So boys and girls, remember that if you remain in Christ, and Christ remains in you, you will be a new creation, shining clean, just like this perfect Rubik's Cube. Let us pray. Dear Heavenly Father, Lord, thank you God for another blessing Sabbath Lord, Lord, thank you so much for letting us congregate here at your house. We look forward to continuing to worship here your house lord. And we also ask that you please allow this pandemic to soften down to the point where we can have in person children's story, and where we can hug and greet everyone. Lauren is first special blessing for these children may continue, guide and protect them and bless their parents as well. Lord, we ask all these things named Jesus Christ, amen. All right, thank you boys and girls, and have a happy Sabbath.
