PROJECT EVALUATION: What preparation was involved? What was done at the project? Was the project successful? Should we do the project again? Please feel free to add any other information. Please write on the back of this paper! © No preparation was involved. For the project embers log onto the UNICEF math quiz website and solve simple math problems to earn money for UNICEF. This project is a great way to raise money for UNICEF and is fairly simple. We should keep doing the project as it is an easy way to fundraise.
