Ready, Set, App! is a mobile app building competition sponsored by Lenovo and presented by the NC Business Committee for Education. High school students are challenged to create an original app to solve a problem in their school or community.

Each year Ready, Set, App! employs high school interns to act as peer mentors to the student teams in this competition. These interns will work alongside the teams to offer support as they navigate through the competition. We are looking for students with both the technical and interpersonal skills to be successful in this position.

This is a *paid internship*, and the work is *remote*. It's a great opportunity for students to get real work and leadership experience. We encourage all interested students to apply. To be eligible you must be a 9th – 12th grade student enrolled in an NC high school. The internship will run through both the Fall 2024 and Spring 2025 semesters.

Applications are open now and close *Monday, October 21st, 2024*, at 11:59 PM.

To learn more and apply to be an intern, visit www.ncbce.org/ready-set-app.
