Title: Developing a RCD Workforce Resource Catalog

Abstract:

In this call we present the work done at the 2024 RCD Nexus Day “People” workshop to start an RCD professional development resource catalog, categorized and prioritized for different audiences (pre-career/new or experienced individuals, teams, and communities). We will spend some time brainstorming additional ways of organizing the catalog for different learning scenarios. We will then work together on a plan to develop and sustain the resource catalog further with a new CaRCC working group.

Agenda:

- Welcome
- Presentation
- Discussion

Notes:

- Personas would be useful - how would a manager use this? A center director? Etc.
 - Add categories (somewhat reflected in the four columns already)
 - Add Facings - to match CaRCC groups
- Density rating - is the whole thing amazing or is there a section (a few paragraphs?) which is great but the whole thing isn't necessarily useful
- Accuracy
- Quality
- Pull - go to the community and
- Add last review date as a way to track update
- How many resources
 - Clump them - so you can pick one thing from a list?
 - Or find the sweet spot – not too many (overwhelming), not too few (
- Duration - and time intensity
