1	Hey there, are you ready to join the movement towards a greener future? I'm Jazz from Green Earth's Internal Comms department, and today I'm thrilled to share our sustainability goals and the exciting strides we're taking to become a more eco-friendly company.	<i>Title Scene w/ Avatar</i>
2	At Green Earth, we believe that it's our responsibility to lead the way in sustainable business practices . That's why we've set some ambitious goals for ourselves. These are our plans:	<i>Avatar w/ quote:</i> <i>our responsibility:</i> <i>lead the way in sustainable business practices</i>
3	Achieving carbon neutrality by 2025 Reducing our water usage by 20% by 2030 Diverting 90% of our waste from landfills by 2030	<i>Bulleated List</i>
4	To achieve these goals, we're implementing a number of initiatives throughout the company. For example, we're investing in renewable energy sources and working to improve our energy efficiency. We're also introducing recycling programs and composting in all of our office locations	<i>Stock footage of beach cleanup</i> <i>Stock footage of forest</i>
5	But it's not just about corporate goals. We want all of our employees to be a part of the sustainability journey. That's why we're encouraging everyone to think about their own individual impact and ways they can make a difference.	<i>Focus on Avatar</i>
6	Here are a few examples of what you can do: Reduce your energy consumption by turning off "lights" and unplugging "electronics" when they're not in use Bring your own reusable coffee cup or water bottle to work Take public transportation, "carpool", or bike to work instead of driving alone	<i>Bulleated List</i>
7	Together, we can make a real difference and achieve our sustainability goals.	<i>Stock Footage</i>
8	Remember, small actions can add up to make a big impact.	<i>Stock Footage</i>
9	Thank you for your support, and let's work together to make Green Earth a part of a greener future.	<i>Avatar closing scene</i>
