- 3) **Regional Road Transportation--RPs & CPs to coordinate**

Lodging & Boarding and Hospitality

- A. Please note that the artist group will land in Orlando,Florida
- B. Plan for direct flights for the artists considering ---the comfort and luggage transfer including time of travel and early flight time/ chances of missing the connecting flights. Coordinate the timing with the chapter from where the artists will be traveling and the coordinators of the city where the artists will be traveling to. Avoid 6:00 AM flights on Saturdays and Sundays, on the days the artists should perform.
- C. Ensure that a timely road transportation arrangement is available at the both locations and assigned to at least two persons. Make sure that the mobile/home numbers of the Ekal volunteers are available on a spreadsheet and given to the artists in writing. Do not ask the artists to check it on the website.
