

EPICYOYO'S RITES OF PASSAGE

hasdanta

Oh Conor, i can only feel sorry for the way you were booted. I'm pretty sure all the Floreana lads had some bad things to say about the Esophagus tribe. Putting yourself out there and then being voted out can only seem harsh from my side. Kinda wanted to meet you at the merge to see if you had any irish accent.

mxsterstrxtegit

Well Adrian, i didn't have the pleasure of ever speaking with you, the only thing i can say about you is that after the first tribal, i thought you were in the majority alliance. Well apparently not lmao.

ZadenTheSurfer

Uh oh. I guess you were the bad boy around here? I see that you are an active community player. I hope we'll get to talk to eachother some time

flippo135

Oy Tom, another guy from Escalopos i didn't get to meet. Hope to see you around i guess?

Shame you ended up in Paris tho.

Samburu

Uh.. The first Floreana guy who left us. I kinda feel bad that you and Miguel didn't work out in the Paris tribe but i guess that island was a sacrifice.

emilymariexo

The only grill in the game. Leaving by firemaking. I guess if you tried showing some skin you would have went far in this game. Another Essentialas tribe member i didn't meet.

ceevo

Dude i gotta tell you. Your bio for this game was fucking outrageous. Maybe the worst one that ever existed? Not hating but duude.. who the fuck uses emojis every 2 words. Like wtf. Either way, shame we didn't meet so you would have time to explain yourself.

MiguelCE

Going out the worst way possible. Fighting for your life in a challenge against Xfire and JPriced will never go easy. You'll remain in history. Also, the premerge boot. I guess it feels kinda bad. We spoke a little bit and you seem genuinely a nice guy. Good luck with school dude. Hope to hear from you!

MonteCarrlo

Ah Monte, the first pagonging step going well at least.. we all know how that plan went. You seem like a chill dude, but u know, you were a big threat and at that point, we gad the numbers. Hope we'll cross paths again.

Zacharae

My dude. My man. My viner. A fucking legend alive. It was a really bad move from our side to split the votes at that point, pretty much move pushed by me. You were a casualty we didn't have to get. I'm sure we'll keep in touch and whenever i'll come to canada(if that'll ever happen) be sure imma crash at yours <3

Jpriced

Eyy jP(corect capitalization). You were pretty much the first guy i talked to. We were pretty close i wanna say at the beggining, but i guess i just presumed we had a thing and didn't maintain the relationship. Sad we lost you to the charms of

Escalator tribe. I don't keep a grudge on you, cuz after all, you left the island before i did, so that should be from you. I hope we'll compete in other org's and maybe we'll keep our alliance until the end this time. Keep being dank i guess.

beastman2764

Matt. Floreana lad. Beast-of-a-man. I'm sorry we had to do this to you, but i think the flipping around tactic was not so great. Maybe it will work other time. I think we had something like an almost good relationship. Love ya and i'm sure we'll meet on the vivor lobby.

ahrre

Eyy! My early game social was pretty bad and tbh so it was for the rest of the game, but we started talking when we were paired for the endurance challenge and i guess we kinda talked from time to time. I found out you wanted me out for whatever reason :(i'm sorry you had to exit the game tho. I hope you're doing well and i hope we'll be buds :)

Markus

Uh willy will. My australian kiwi. My almost drunk at the same time friend. My F2. I'm sad we couldn't make it togheter till the end. I'll keep you in my heart forever and i don't think i have to say much now. You know how i feel 'bout you <3
