

Coaster Corporation

Excel – Part 1

Objective: Use Excel as a data entry tool by typing Ride Theme Information into a new workbook.

Steps:

1. Open a new Excel Workbook. Save it into your Software Apps folder as 'CoasterCorp.xlsx'

2. Copy the information on the back of this worksheet into your Excel Workbook. Be sure to use the correct Row-Column that is given.

3. DO NOT format your text in any way. This includes bolding, underlining, resizing fonts, alignment, colors, etc.

4. Resize column widths as needed. DO NOT try to change the row heights.

5. When you are done, resave you document, but do not submit it as this point.
