	Stephanie Flora twinsf2@gmail.com @IDEA47momo	Fresno IdeaWorks
	Jennifer Deafenbaugh	NOM Make The Data Team
	Nan Braun	Indiana Makers

Agenda

- Review / Discuss each other's Scorecards (Round Robin format).

Notes

Thanks for those that were able to join. For those that weren't able to, here is the summary update.

Summary of meeting:

We took turns getting input from the group on our specific organizational challenges or scorecard goals. We got to talk about the strategy of being a small organization that is a start-up. The most useful insights were around the various tools and processes that we are using at this stage. The most exciting discussion was about lessons learned and our next steps for our particular organization. We realized that being a start-up and forming teams in general has overlapping challenges that we could share insights and learn together about.

Resources:

The [following slides](#) (scorecard example) were shared by Ron in today's collaboration session. He wanted to specifically call out [the URL on the second slide](#) that has a good summary of resources.

Also shared was the [Canvas Strategyzer](#) by Ana and the [Mozilla Open Leader](#) by Mitra.

We moved quarterly meetings, the next one is in November, calendar invitation coming soon.

We are still collecting information on Socialroots and it is available here anytime: [Makerspace Scorecard Collaborators](#)

Intention of November meeting:

Please join us and bring an organization challenge that you would like input on. We will do a similar round-robin style discussion to get insight from the team / lessons learned to help us in our organizational development.

If you no longer want to be included, please reply "no" in the email invite.
