

Resources for Interested High School Students

At this time, the Hartley Lab is not recruiting high school-aged research assistants. However, here is a list of resources that may be of interest! This page will be updated regularly to reflect the opportunities that are still active.

Are you interested in contributing to our science by participating in our paid studies? Check out our *Spark website!*

- Timeline: ongoing
- Sign-up: <https://spark.hartleylab.org/>

Are you interested in joining interactive lab classes, trying weekly experiment challenges, and engaging with scientists? Check out *BioBus at Home!*

- Timeline: ongoing
- More information: <https://www.biobus.org/at-home/>

Are you interested in science outreach events by and engagement with The Rockefeller University? Check out *RockEDU Programs!*

- Timeline: ongoing
- More information: <https://www.rockefeller.edu/outreach/>

Are you interested in pursuing an NYC-based mentored research experience? Check out the *NYC Science Research Mentoring Consortium!*

- Timeline: ongoing
- More information: <https://www.studentresearchnyc.org/>

Are you interested in a Q&A call with a scientist? Check out *Skype a Scientist!*

- Timeline: ongoing
- Sign-up: https://docs.google.com/forms/d/e/1FAIpQLSfeVa0GUsUQQCtXD9sQaeJ8C9zLFcs_ITBitHU9ORcz2qSFQQ/viewform
- More information: <https://www.skypeascientist.com/>

Are you interested in a mentorship towards a career in STEMM? Check out the *Clear Direction Mentoring Program!*

- Timeline: applications open January-March
- More information: <https://www.cleardirectionmentoring.com>

Are you interested in working with your peers and mentors to complete project-based challenges? Check out *The Junior Academy!*

- Timeline: challenges run from September through December and again from January through May
- Apply: https://gsa.smaply.io/prog/student_programs_/
- More information: <https://www.nyas.org/programs/global-stem-alliance/the-junior-academy/>

Are you interested in reading science articles written for, and reviewed by, kids and teens? Check out *Frontiers for Young Minds!*

- Timeline: ongoing
- Get involved as a reader: <https://kids.frontiersin.org/>
- Get involved as a reviewer, with a science mentor: <https://kids.frontiersin.org/participate/young-minds>
