

Name: _____ Date: _____ Period: _____

Columbian Exchange: The Annotated Map

Directions: Design an annotated map that shows your understanding of the global impact of the Columbian Exchange from 1492 to 1750 CE. Write with ink and use color!

Part One: Research

1) WHAT WAS TRANSFERRED?: Find examples of items or diseases transferred across the world and place them on their location of origin using the chart below. You may use your textbook.

<i>From the WESTERN HEMISPHERE</i>	<i>From the EASTERN HEMISPHERE</i>
Animals:	Animals:
Crops:	Crops:
Pathogens:	Pathogens:

Part Two: Map

2) WRITE A TITLE in the box: The Columbian Exchange

3) LABEL PLACES ON THE MAP:

- *Western & Eastern Hemispheres*
- *North America*
- *The Caribbean*
- *Mesoamerica*
- *South America*
- *China*
- *Europe*
- *Africa*

4) LABEL TRANSFERS ON THE MAP: Label animals, crops, and pathogens in their place of origin on the map. Symbols may be used (please create a key if doing so). Draw arrows that demonstrate where the animals, crops, and pathogens were transferred during this time. Use color.

5) ANNOTATIONS: Choose 3 items (at least one from each hemisphere). Briefly explain the effects of these plants, animals, and diseases as they were transferred across the world as a result of the Columbian Exchange. You may create boxes on the sides of the map. Write small!

6) WRITE A THESIS at the bottom of the map: This should be a 2-3 sentence response to this question.

- *Overall, did the Columbian Exchange have a positive or negative impact on the world?*
