Hi blobfish uwu

OOPS SORRY YALL CAN EDIT IT NOW THANK YOU FINALLY

✨ Suujin here!! I highly recommend that you compile this into a list on the MGo website itself. Will surely recommend and give it a follow :”> you can use this link to create a list → <http://www.mangago.me/home/mangalist/add/>

includes manga, manhwa, and manhwa

(anime) means that there is an anime/donghua version of the manga

😋 = aditi is currently reading/read it

:D = amy is currently reading/read it

🟢 - ongoing (in translations, not raws)

🔴 - completed

🟡 - paused/hiatus

🔵 - dropped

WRITE DOWN ALL NEW ONES YOU'VE FOUND OR READ!!!

there's a ton of spelling errors on this list but if you search up the title, most things will come in the bar.

These are all randomly written down and include almost every genre. (if i have a [?] after the genre it means it doesn't have enough chapters for me to tell or i can't find an exact genre for it)

use this site if you can't find a manga/or a bl you want: www.mangago.me

use this site for recommendations/popular mangas: <https://www.anime-planet.com/manga/all>

Lilith's little corner of random stuff from midnight to 3 am

I'm so sorry for the dj spam, aight, i'm gonna go make some hot chocolate, bye bye for now. I  
just burned my tongue. This list has made me realize i have a lot more stories under "fantasy  
and romance" than i had thought. My middle finger is kinda locked in a straight position. Maybe  
cuz of the constant typing on a laptop keyboard aahhhh. I should be updating my own list but  
instead i'm doing someone else's. Fuck mee. Don't take it the wrong way tho. I love making lists  
and stuff. Plus, i have more than 900 mangas i should read but i'm not doing that either so the  
blame is on me haha. I feel like i'm gonna melt into my bed. Oh god, the back pain i'm gonna  
have in the morningggg. it's 2:45 am here so i'm gonna log off now! I gotta do some other stuff  
on my phone but i'll come back later in the afternoon. Bye-bye

To the owner of this list: i have added more BLs in the "ultimate bl list that i found on tiktok"  
document. Tell me if you also wish to have them in this list! Also, would you mind if i were to  
arrange the BL list in alphabetical order? - Lilith
