

WordPress Azure AD SSO Login | Microsoft Entra ID

Company: miniOrange Security Software Pvt Ltd.

Contact Number: +1 978 658 9387

Address: 228 Park Ave S #87831, New York, NY 10003-1502

miniOrange's WordPress Azure AD Single Sign-On (SSO) solution helps to secure WordPress sites behind the SSO login so that users are authenticated using their Azure AD / Office 365 / Microsoft 365 login credentials. [WordPress Azure AD Login](#) / Office 365 WordPress SSO (SAML Single Sign-On) login [SAML SSO] / Microsoft Entra ID can be achieved by using our WordPress SAML SP Single Sign-On (SSO) plugin.

About miniOrange:

miniOrange is a world-class cybersecurity company that has been delivering innovative cybersecurity products for over a decade. We provide cutting-edge security solutions for popular CMS and project management platforms such as Atlassian, WordPress, Joomla, Drupal, Shopify, BigCommerce, and Magento. miniOrange products provide organizations with features such as [WordPress SSO](#), Social Login, Multi-factor Authentication, OTP-based Verification, User Sync, and others.

MiniOrange provides everything you need to securely connect the right people to the right technologies at the right time, with over 5000 pre-built integrations to applications and infrastructure providers.
