

We have 6 basic rules in our classroom.

1. Keep your hands and feet to yourself.
2. Follow directions quickly.
3. Listen when someone is speaking.
4. Raise your hand to speak during lessons.
5. Be a caring friend.
6. Always do your best.

~We will be learning about these rules throughout the year, but especially the first week of school.

~We believe that all students can follow these rules and will encourage students to do so through various positive reinforcement strategies.

~If a student needs specific accountability for our class rules, we will do so in an individualized way that makes sense for that student.
