All Code for America events and their staff, presenters, and attendees are held to a Code of Conduct and Anti-Harassment Policy: https://github.com/codeforamerica/codeofconduct

We expect that any Brigade or partner using the Code for America brand and/or receiving funding from Code for America offer a Code of Conduct and Anti-Harassment Policy to their members and event participants.

To do so:

1. Fork the Code of Conduct and Anti-Harassment Policy at https://github.com/codeforamerica/codeofconduct
2. Update the Code of Conduct and Anti-Harassment Policy with relevant contact information for your group.
   a. Note: **It is very important that the contact information on the Anti-Harassment Policy is up-to-date and actionable for anyone wishing to report harassment.**
   b. The point of contact should be a Brigade Captain or leader, core team member, or the organizer of the event.
3. Publish the Code of Conduct and Anti-Harassment Policy on your Brigade's website, Meetup, GitHub account, Google Group, and any other forum for your Brigade.
4. Publish the Code of Conduct and Anti-Harassment Policy on the registration page for all Brigade events, including weekly/monthly meetups.
5. Reference the Code of Conduct and Anti-Harassment Policy in emails to Brigade members and event attendees.
   a. For example: "Code for San Francisco presenters and participants are held to an anti-harassment policy, which you can find at [link]."
