

Link Dock Terms of Use

Last updated: June 6, 2026

These Terms of Use ("Terms") govern your use of the Link Dock mobile application. Link Dock is owned and operated by Ayhan Can Isıdııcı ("Owner", "we", "us", or "our").

By downloading, accessing, or using Link Dock, you agree to these Terms. If you do not agree, do not use the app.

linkdock.request@gmail.com

1. The App

Link Dock is a link-saving and organization app. It lets you save links, add names, choose categories, write notes, attach selected photos or videos, set reminders, search and filter saved links, open saved links, share saved links, and optionally sync data using iCloud.

The app is provided for personal organization and productivity use.

2. Eligibility

You may use Link Dock only if you are legally allowed to use mobile applications and accept these Terms under the laws that apply to you. If you use the app on behalf of another person or organization, you confirm that you have authority to do so.

3. Your Content

"Your Content" means the links, titles, categories, notes, reminder information, and media attachments that you add to Link Dock.

You are responsible for Your Content. You confirm that you have the right to save, store, attach, and share any content you add to the app.

You should not use Link Dock to store or share content that is illegal, harmful, abusive, infringing, or otherwise violates the rights of others.

4. Local Storage and iCloud

Link Dock stores saved link data locally on your device. If iCloud sync is available, the app may sync saved link data and selected attachments through Apple CloudKit using your Apple ID.

We do not guarantee that iCloud sync will always be available, immediate, or error-free. iCloud availability depends on Apple services, your Apple ID, device settings, network connection, and storage availability.

You are responsible for maintaining your own backups where necessary.

5. Reminders and Notifications

Link Dock can schedule local reminders if you choose to set them and grant notification permission. Notifications are provided for convenience only. We do not guarantee that reminders will be delivered at an exact time or in every circumstance.

Notification delivery may depend on iOS settings, device state, focus modes, permissions, and Apple system behavior.

6. Media Attachments

You may attach selected photos or videos to saved links. You are responsible for the media you select. You should not attach media that you do not have the right to store or use.

Large media files may use device storage and, if iCloud sync is available, iCloud storage.

7. Ads

Link Dock may show rewarded advertisements through Google AdMob. Rewarded ads may appear before certain app actions, including saving links, editing saved links, applying filters, or continuing after language selection.

Ad availability may vary by region, device, network status, Google AdMob availability, and other factors. We do not control the exact ads shown by Google.

8. Remove Ads Purchase

Link Dock offers a one-time in-app purchase to remove ads. The purchase is processed by Apple through the App Store.

The displayed App Store price is charged once. After a successful purchase, rewarded ads are removed from the app experience for the Apple ID used for the purchase, subject to Apple's App Store systems and purchase restoration process.

You can use the Restore Purchases option in the app to restore a previous eligible purchase. Refunds, billing issues, and payment disputes are handled by Apple under App Store rules.

9. Third-Party Services

Link Dock uses third-party and platform services, including:

- Apple services, including iOS, iCloud, CloudKit, StoreKit, notifications, Safari services, photo picker, and App Store distribution.
- Google AdMob for rewarded advertisements.

Your use of these services may also be subject to Apple, Google, and other third-party terms and policies.

10. Links to Websites

Saved links may open websites or services that are not owned or controlled by us. We are not responsible for third-party websites, content, privacy practices, availability, purchases, downloads, or actions taken outside Link Dock.

You are responsible for checking whether a saved or opened link is safe and appropriate.

11. Acceptable Use

You agree not to:

- Use Link Dock for unlawful purposes.
- Attempt to disrupt, reverse engineer, modify, or misuse the app.
- Use the app to store or distribute content that infringes intellectual property rights or violates applicable law.
- Attempt to bypass ad display, purchase validation, or other app functionality in an unauthorized way.
- Use the app in a way that could harm the app, other users, Apple, Google, or third-party services.

12. No Professional Advice

Link Dock is an organization tool. It does not provide legal, financial, medical, real estate, investment, or other professional advice. Any decisions you make based on saved links or notes are your responsibility.

13. Availability and Changes

We may update, modify, suspend, or discontinue parts of Link Dock at any time. Features may change over time. Some features may depend on Apple, Google, network availability, iCloud settings, App Store availability, or device compatibility.

We do not guarantee that the app will always be uninterrupted, secure, or error-free.

14. Intellectual Property

Link Dock, including its design, name, interface, code, and branding, is owned by Ayhan Can Isıdııcı or used with appropriate rights. These Terms do not transfer ownership of the app to you.

You retain responsibility for and rights to the content you add to the app, subject to the rights and permissions needed for the app to store, display, sync, and manage that content.

15. Disclaimer of Warranties

To the maximum extent permitted by law, Link Dock is provided "as is" and "as available" without warranties of any kind, whether express or implied.

We do not warrant that:

- The app will meet all of your needs.
- Saved links or attachments will never be lost.
- iCloud sync will always work immediately or perfectly.
- Ads will always be available.
- Reminders will always be delivered at the exact expected time.
- Third-party links will be safe, accurate, or available.

16. Limitation of Liability

To the maximum extent permitted by law, we will not be liable for indirect, incidental, special, consequential, exemplary, or punitive damages, or for loss of data, loss of profits, loss of business, device issues, or problems caused by third-party services.

Your use of Link Dock is at your own risk.

Some jurisdictions do not allow certain limitations of liability, so some of these limitations may not apply to you.

17. Termination

You may stop using Link Dock at any time by deleting the app from your device.

We may suspend or limit access to features if required by law, platform rules, security concerns, or misuse of the app.

18. Apple App Store Terms

If you downloaded Link Dock from the Apple App Store, your use of the app is also subject to Apple's App Store terms and the Apple Standard End User License Agreement where applicable.

Apple is not responsible for providing maintenance or support for Link Dock except as required by applicable law. Apple and Apple's subsidiaries are third-party beneficiaries of these Terms as they relate to your use of the app through the App Store.

19. Governing Law

These Terms are governed by applicable laws, without regard to conflict of law principles. If a specific local law gives you mandatory consumer rights, nothing in these Terms is intended to limit those rights.

20. Changes to These Terms

We may update these Terms from time to time. If we make changes, we will update the "Last updated" date. Continued use of Link Dock after changes means you accept the updated Terms.
