Peter Parker runs the gauntlet as the mysterious company Oscorp sends up a slew of super villains against him, impacting his life. We've always known that Spider-Man's most important conflict has been within himself: the struggle between the ordinary obligations of Peter Parker and the extraordinary responsibilities of Spider-Man. But in *The Amazing Spider-Man 2*, Peter Parker finds that his greatest battle is about to begin. It's great to be Spider-Man. For Peter Parker, there's no feeling quite like swinging between skyscrapers, embracing being the hero, and spending time with Gwen. But being Spider-Man comes at a price: only Spider-Man can protect his fellow New Yorkers from the formidable villains that threaten the city. With the emergence of Electro, Peter must confront a foe far more powerful than he. And as his old friend, Harry Osborn, returns, Peter comes to realize that all of his enemies have one thing in common: Oscorp.
