Progress Report

Sub plan F13(S4P21) developing and cultivating research personnel and enhancing scientific brainpower, including scientists and innovators with advanced skills, to increase their numbers and align with the country's needs, using science, research, and innovation.

1. Research Topic

.....
.....

2. Researcher Team

2.1 Industrial

.....
.....
.....

2.2 Mentor (University)

.....
.....
.....

2.3 Mentor (Company)

.....
.....
.....

3. Company's name

.....
.....
.....

4. Period

project duration (Project start date – Project end date).....

.....

The period during which the results were received

.....

5. objective

.....
.....
.....
.....
.....
.....

6. Research project results

6.1 Shows a comparison of the plan of activities for each period with the details actually performed.

No”	Activity plan	Month	actual operation details
		1	
		2	
		3	
		4	
		5	
		6	

6.2 Result and Discussion

.....
.....
.....
.....
.....
.....

7. Summary and Suggested

8. Plan in the next phase

9. Problems, obstacles and solutions
