## BY COMMISSIONING ME:

You are over the age of 18.

You won't resell, edit or post my artwork as your own.

You've read and understood everything on this page and looked over the Do and Don't list

## HOW IT WORKS

---

### *Steps to follow if you want a commission*

1. I will send out an email via the email list and announce it to my [Patreon](#), [hentai foundry](#), Twitter & other [social media](#). Stating I am open and accepting a commission.

*If you want info, or a price quote send me an email before you fill out the form.*

1. **Fill out the form, use point form when possible, and sentences only when you need to explain stuff. If you send me pages and walls of text I will most likely decline your commission...**

2. I will contact you to tell you what slot you're in ([number in the queue](#)) once the form has been filled out.

**If you forgot some info** on the form just send it to me in my email, and I will add it to the form on my end XD.

***\*If you don't fill out the form, and decide to send all the info to my email, or Discord, I will just delete the email and ignore you.***

**When sending refs don't link it from a porn site** please and thank you. Please don't send me a video or picture from a porn site, or any site full of pop-ups. I will automatically decline your commission. Send me a screencap instead please, and thank you.

3. I will contact you via the email provided in the form just before I am ready to work on your piece. It takes a while for me to finish commissions, so please be patient if you're at the bottom of the [queue](#).

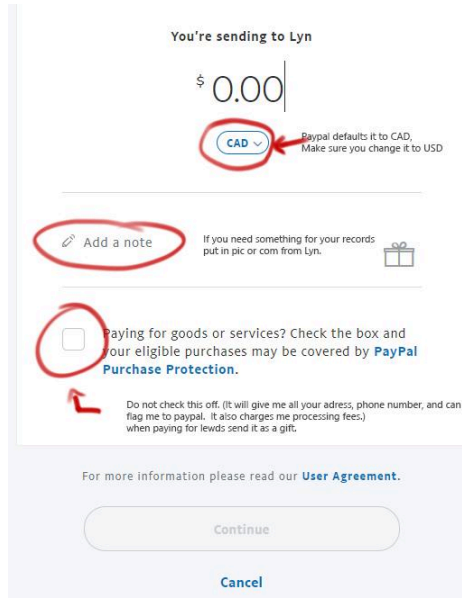

**If once I get to you, You want entirely to change your original idea, you have one week to update and refill a commission form or you're off the commission queue and can commission me the next time I open slots.**

4. I will send you some rough poses based on your concept (except for quickies and sketches), and refs. You pick the number you like from the poses.

**I will not do pose edits in the next step. Please Be sure you're happy with it, before I start the sketch.**

5. I then send you the finished sketch along with the total and pay link. You let me know if you want edits, or if it's ok to continue. Make sure you are happy with it. After payment is accepted, and you have given me the ok I will only do colour edits. If you need me to clean up the sketch because you are unsure about it let me know before you pay me XD.

***I will not do endless fixes, minor edits are fine, but I will only do one so be clear. Don't send me any payment until you are happy with the sketch.***

6. I am starting line art, colouring or painting your pic, I will not send wips unless you ask for them.

Be patient this step takes a while especially if you have ordered a complex background, detailed clothing, bukkake, or have multiple characters, I will send you wips **if you ask for them**, but that isn't a chance for you to add on more details, or ask for edits that you should have asked for in sketch stage.

7. You get [4000+ x 4000+ px 300 dpi](#) and a smaller one for printing, or web use Plus any alternate version
