

Tactics- Fall 2026

"[Tactics](#)" is a video instruction series based on the book of the same name by Greg Koukl, of the apologetics ministry [Stand to Reason](#). This course is about learning to facilitate graceful and productive conversations about spiritual things. Our culture is in desperate need of people who know how to lead graceful conversations. If you want to add tools to your tool belt for good conversation, this course is for you!

"Tactics" lasts 11 weeks and is offered each fall and spring semester.
