Workers Compensation Case Instructions

Dear Bright Light patient,

Thank you for scheduling your exam with Bright Light Medical Imaging. Workers Compensation companies require specific documentation in order to approve your imaging. Below are instructions on how you can get the information they need.

Adjustor Information:

- We will need correct contact information for your insurance adjustor. This may be a DIRECT phone number/extension or an email address. You may send that information to us at the contact information below.

Documents needed:

- Order from provider for the MRI, CT, Ultrasound, Xray or other test that you need
- Clinical Notes from your provider (your adjustor uses this information to get your test approved)

You can call your provider/doctor to ask them to send these documents to us or directly to your adjustor. Our contact information is below.

How to Contact us to ask questions or send us information:
