

Juneau, you have gone long enough with your abusive behavior. You have manipulated, doxxed, harassed multiple creators and such. You HAVE to take responsibility for your actions, the harm you have caused for people.

For those who don't know Juneau's real age is 16, before she rebranded her name was Yukistreams. She has sent unwanted NSFW art and images, threaten and have bot raided multiple people along with doxxing in several servers and to several Vtubers to whom you have wronged. You care only about your image and I'll make sure to destroy it. Special thanks to Anonymous Vtuber for giving me the courage and inspiration to make this doc along to reach out to the victims.

TW: Manipulation, harassment, mentions of stalking and doxxing, and p3d0philia
These are Juneau's victims and their stories. To those who have been her victim, speak out now. It's time to end this.

1. Yamato Lexo

Lexo was Juneau's ex. Before she renamed herself to Juneau, she used to be named Yukistreams. They dated when Lexo was 15-16 and Juneau was 14. Lexo was the one who broke off the relationship due to the toxicity of the relationship. Juneau though wasn't ready to let go. She has been harassing Lexo since then, Lexo gave her multiple chances. She then started to falsely accuse him of being a p3d0 to their friends. At the time, Lexo was in a Vtuber group and these accusations got him kicked out.

(This is when Juneau was still named Yukistreams)

More allegations: <https://imgur.com/a/s8S1e5N>

Afterwards, Juneau would constantly try to get into his relationships. SC down below will show how she constantly tried to take Lexo's gf away from him.

Showing no remorse at all as such actions. Around this time Lexo felt paranoid,

anxious and depressed due to the situation. She has also confessed to doxxing his gf this was from May all the way to July of 2021

At the time Lexo and Juneau were in a server together in which Lexo was a mod/owner along with Juneau. However Jun has sabotaged multiple relationships between him and his other friends along with an attempt to steal his girlfriend. This was around the breaking point for him. She openly admits to sending death threats and doxxing him. Thinking this is all somehow a game to her. This was around June-July of 2021

Death Threats: <https://imgur.com/a/NUgAlMu>

Lexo has always been a target for Juneau's harassment for years and to this day as well. As of Oct 1, 2022, Momoqi exposed Juneau as a minor and a dangerous individual, she reached out to Lexo in an attempt to save her image and to prevent him outing her. This is a repeated pattern of manipulation.

In the past, Lexo has come out against Juneau however unfortunately, it has gone to deaf ears. I have made sure that this does not happen again to him or other victims in this doc. If you wish to see the original SC and twitlonger it'll be here.

2. Anonymous Vtuber

They were the person who had originally reached out to me about their experience with Juneau, and thanks to them I have the inspiration and courage to out her. For doc sake they'll be called Anon, for they do not want to be named. Anon knew Juneau through a server, they have heard of stories about her though it wasn't until they talked to her that they realized just how lost with reality and

insane they are. Anon is from an Asian country, at the time Juneau was looking for a 'Asian girlfriend' to, and I quote "be lesbians" with. They have multiple screenshots and evidence of her manipulation and delusions of others.

Afterwards, there are allegations against her of having fantasies of 'r@p3ing' her own brother. Along with more of her twisted fantasies and such. Sadly I cannot show SC due to the Vtuber in question not wanting to be named or recognized by Juneau.

3. WizardPlayzVT

Similar to the others, Wizard is part of a Vtuber server where she met JuneauVT. Originally approached by Juneau to ask a question regarding Vtubing. Later on, Juneau continues to talk to her regarding her Vtubing. According to Wizard, she was getting a weird vibe from her, Juneau told her that Lexo was a gr00mer and should stay far away along with the fact that she lied about Lexo's age to her. She found this odd as to why someone who she just met would reveal something like that to someone she barely knows.

SC: <https://imgur.com/a/lorMcAu>

Wizard's mutuals would then warn her to stay away from Juneau due to her history of backstabbing people and hurting them, deciding to not interact with Juneau as a result. Ignoring and avoiding Juneau completely. However, at times people will understand when people don't want to talk to them. Juneau didn't. She harassed Wizard on all her platforms for a month. Constantly getting harassed, Wizard had enough. Sending a final message and blocking her on all platforms.

4. PrinceofSins/Azazel

Azazel is in the same server as Wizard and friends with one another. He was a formal friend of Juneau. Juneau and Azazel would often talk to each other and troll other servers. However Juneau would often confess her plans to Azazel and

send him NSFW images. Keep in mind, Juneau is a minor and Azazel has never asked for any NSFW images nor wants to be involved with her. Azazel at the time didn't know her age since she marketed herself as an 18+ vtuber and by taking roles in different servers saying that she was 18+. She has been obsessed with 'subliminals', this will cause conflict later on with another Vtuber in this document. He only learned her real age after Momoqi's call out on Oct.1 in which he became disgusted and wanted to cut ties with her immediately.

Azazel then revealed more of the messed up information and to this day as I am writing the doc of all the delusions and lies she sprouts to those who listen to her. Through those leaked dms and text we found out how fucked up she really is. Juneau has doxxed her own mother, her boyfriend and has frequently lied to those who listen to her. Unfortunately, many support her and those who do. Shame on you. Ever since the fall out with another Vtuber by the name of Momoqi, Juneau has held a grudge against her. She has confessed to botting and won't hesitate to do it again to Momo, keep in mind she's thinking of posting porn links when she's a minor.

5. MomoqiVT

Momo has called out Juneau recently, on Oct 1. By showing that Juneau has accused her of being a p3d0, once confronted. Juneau confessed she lied but gave no reason to. However as you have seen before, after the fall out with each other Juneau has been targeting Momo and talking behind her back. The fallout first started when Momo told Juneau that she was a Wicca along with Juneau claiming that she had 'superpowers'. Jun did not even bother to understand Momo's religious practices and instead offended Momo deeply. Juneau showed no remorse or regret for offending her, only wanting what she wanted to be done.

Momo has been made aware of the attempt to bot raid her, so Juneau and friends don't bother. She knows how to counter the bot raids now.

SC of the confrontation of the p3d0 allegations: <https://imgur.com/a/WHGHO9J>

These are the ones I have managed to reach and get their stories so far. I'm aware that there are more, however they have either refused to reach out and tell their stories or have been forced off the platform by Juneau. I am aware that this isn't the first time she has done this and will not be the last time she will do this. In the past she used to be called Yukistreams and now JuneauVT. A dangerous and demented individual and again to those who support her. Shame. On. You.

Block and run away from JuneauVT if she is to ever emerge again.

Be safe and take care.
