ABSTRACT (Times new roman, font size 11) (Max. 300 words)

Purpose: The Purpose section must include a concise description of the background or rationale for the study, state the primary objectives and scope of the study and/or hypotheses tested. Lengthy descriptions of rationale are not necessary or desirable.

Method: The Method section must describe the study design (qualitative, quantitative, multi and/or mixed methods) and general procedures including characteristics and numbers of participants and data collection methods. If the study does not involve primary data collection, information should be provided on the methods used to summarize previously reported data (e.g., narrative or systematic review, meta-analysis).

Results: The Results section should summarize findings as they apply directly to the stated purposes of the article.

Conclusions: The Conclusions section must state specifically the extent to which the stated purposes of the article have been met.

Keywords: Keyword1; Keyword2; Keyword3; Keyword4; Keyword5 (Maximum 5).
