CalGreen SEAOC/AIA Webinar Series

Part 1 - Overview

Recording/Slides

- Link: <https://aiacalifornia.org/event/new-calgreen-embodied-carbon-measures-webinar-series-coming-soon/>

Where to start

- [Calgreen code access](#) (FREE)
- [CALGreen State Supplementary Guidance](#)
- Local Energy Codes - [CALGreen Fact Sheet](#)
- [AIA + CLF Toolkit for Architects](#)

Coming Soon

- [ASHRAE 240P](#) (*public review*)
- SEI Pre-Standard for Assessing the Embodied Carbon of Structural Systems for Buildings (*pending*)

Part 2 - Whole Building Life Cycle Assessment (WBLCA)

Recording

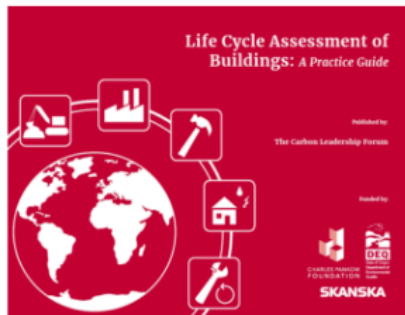

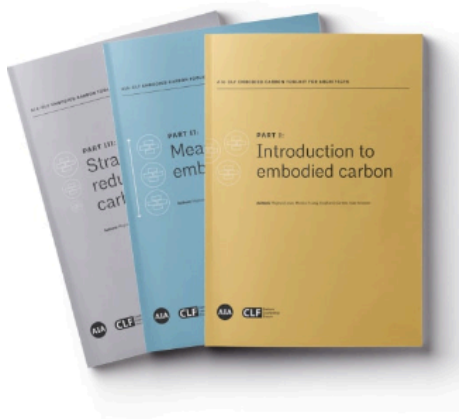

- Link: <https://aiacalifornia.org/event/new-calgreen-whole-building-life-cycle/>

Slides

- Link: [P 240313_AIA+SEAOC CalGreen Webinar - WBLCA.pptx](#)

Learn more about WBLCA

- [CLF LCA Practice Guide \(2019\)](#)
- [CLF Material Baselines \(2023\)](#)
- [SE 2050 Resources](#) and [Design Guidance](#)
- [IStructE How to Calculate Embodied Carbon](#)
- [IStructE, Buro Happold, Sensitivity Study](#)
- [Arup, Carbon Footprint of Facades](#)
- [Priopta, 2023, Embodied Carbon 101](#)
- [Building Transparency Resources](#)
- [CLF Wood Carbon Seminars](#)

Part 3 - Prescriptive Path

Recording

- Link: <https://aiacalifornia.org/event/implications-of-material-procurement-for-design-professionals/>

Slides

- Link: [P 240410_AIA+SEAOC CalGreen Webinar - Prescriptive Path.pptx](#)

Learn more about the Prescriptive Path, or “Buy Clean” approach:

General

- [Embodied Carbon in Construction Calculator \(EC3\)](#)
- [Sustainable Minds Transparency Catalog](#)
- [SE 2050 Specification Guidance](#)
- [Carbon Leadership Forum Material Baselines](#)

Steel

- [Nucor Steel Spec Guidance](#)
- [AISC Sustainability Webpage](#)
- [AISC Environmental Product Declarations](#)
- [AISC Who Makes the Shapes You Need?](#)
- [STI HSS Producers Capability Tool](#)

Concrete

- [NRMCA Guide to Improving Specifications for Ready Mixed Concrete](#)
- [Central Concrete, Spec Guide: Capturing the Value of Low Carbon Mixes](#)
- [NRMCA Guide to Specifying Concrete for LEED v4](#)
- [NRMCA Environmental Product Declarations](#)
- [Climate Earth Locate a Concrete Producer offering Instant On-Demand EPDs](#)
- [NRMCA Concrete Carbon Calculator](#)

Glass

- [Review of decarbonization options for the glass industry](#)
- [Arup, Carbon footprint of façades: significance of glass](#)

Insulation

- [Which insulation most effectively reduces whole-life carbon \(embodied and operational\)?](#)
- [Gensler Product Sustainability Standards \(GPS Standards v1.0\)](#)
