LEARNING ASSIGNMENT LINK**

FAW Grade 6 Remote Learning During School Closure 2020

Thank you for your support in helping to provide an environment for learning during our unexpected school closure due to COVID-19.

During our time away from school, please encourage your child to complete the activities below.

Click [HERE](#) for Art Resources/Activities.

(During the time of our extended school closure, we are allowing students to keep up with their AR goals by taking AR quizzes at home. Please understand that we trust students will be honest when taking these quizzes during school hours at home. We will resume our regular expectations of at school only quizzes when we return to school.)

WEEK #1: March 16 - 20, 2020

Subject	Learning Opportunities
Adv. Math - Ms. R	Lessons 71-75 Written practice.

	<p>I do not think you will have any difficulty with these lessons. We have gone over all these new topics previously, but if you have problems with them, we will go over it when we get back!</p> <p>Math Homework Recording Sheet with Lines</p> <p>IXLs - I 11-15 - Decimal \longleftrightarrow Fractions - to 80 SmartScore Ugh! Sorry guys! It's under 6th grade. Due Friday, March 20th.</p>
<p>Math - Mrs. Sarlo</p>	<p>Preview Lesson 63-66. Work on Practice sets. Hmwk for each lesson - Written Practice - Complete 25 problems. Don't skip any problems from lessons 50-61. Show all your work! Keep all your work in a folder. Students can click on the links below for video instruction on each lesson before completing the Practice sets.</p> <p>Lesson 63 Video Lesson 64 Video Lesson 65 Video Lesson 66 Video</p> <p>In addition to daily lessons, students should login and work on the following IXLs. Please complete to 80%. N 1-6, C 2-6, F 6-7, I 1-6, S 3-5 For additional resources for practice and review, use Math Prodigy. Contact my email faws8@fatherandrewwhite.org if a student has forgotten their username and password. Other good resources are www.mathscore.com and http://www.scholastic.com/mathworkshop/login/ for review of skills. Just make your own user ID and Password. It's all free and makes reviewing fun.</p>
<p>Science</p>	<p>Work on the packet provided Friday during class. Click here for a digital copy. I will set a new Cell Model due date once we return to school. If possible please finish your project during the two weeks off. Check the Science Google Classroom for videos to watch.</p>
<p>Religion</p>	<p>Take online quiz for Chapter 24, posted in google classroom. Begin working on Grade 6 Vocabulary also posted in the google classroom.</p>
<p>SS</p>	<p><i>Please go to our google classroom to access the articles we will be reading for the week on Readworks.org; some have questions to answer and submit, the others are articles to read</i></p>

	<i>related to the current and recent units we have done.</i>
Spanish	Using your VOCES online textbook: -read the introduction to Chapter 8 -play the audio where indicated -create online flashcards using www.quizlet.com and send me the link at fawsspanish@fatherandrewwhite.org -complete VOCES Ch. 8, Activities 1-3
English	Membean 15 minutes a day (4 days) Membean Quiz on Friday. I will post in the morning at 9am and you have until 5pm to take it. Read 15 minutes at least per day (5 days) Finish Outline and Persuasive Essay (Due Friday, March 20th)
Adv. Literature	Begin your packet. Your packet can be found in the google classroom (as discussed in class Friday). If you are not able to access your packet, Click here for a digital copy. I recommend completing up to page 7 by Friday, March 20th. Completing between 1-2 pages per day will help you to balance your academic workload. Please use google classroom to communicate any questions you may have about the content found in your packet. If you cannot access google classroom, send an email to faws7@fatherandrewwhite.org .
Literature	Begin your packet. Your packet can be found in the google classroom (as discussed in class Friday). If you are not able to access your packet, Click here for a digital copy.
