Prompt Video 1: Pose Elegan Berdiri Tegak

A woman stands gracefully, slightly turning her body to the side. She gently places one hand on her hip while the other hand hangs relaxed. Her weight shifts naturally from one leg to another as the camera slowly moves around her in a cinematic arc.

Prompt Video 2: Pose Gerakan Lembut Tradisional

A woman performs a slow, graceful traditional dance movement. One hand rises in front of her chest in a delicate gesture while the other extends outward fluidly. She takes a soft step forward as her body flows rhythmically with the motion. The camera captures her in slow motion from a low angle.

Prompt Video 3: Pose Duduk Anggun

A woman sits gracefully on a bench with her legs gently tilted to the side. Her hands rest elegantly on her lap. She slightly adjusts her posture, lifts her chin, and slowly turns her head to glance around. The camera zooms in gradually, capturing her still elegance in motion.

Prompt Video 4: Pose Berdiri dengan Kain Tersibak Angin

A woman stands on a pathway, holding the edge of her flowing shawl. The wind catches the fabric as she slightly lifts it with one hand. Her pose is steady, but the fabric moves dynamically. The camera slowly tracks sideways to reveal the motion of the cloth and her stillness.
