

Privacy Policy for Bet On

Effective Date: Oct 23, 2025

Bet On respects your privacy. This Privacy Policy explains how we handle information when you use our mobile application (“App”).

1. Information We Collect

We designed Bet On to require minimal information from users. However, the following categories may be collected:

- **No Account Data:** We do not require users to create accounts, and we do not collect names, emails, phone numbers, or financial details.
 - **Notifications:** If you enable push notifications, we collect information about your notification preferences (e.g., whether you allow notifications and which types you choose to receive).
 - **Location Data:** With your permission, we may collect your device’s approximate or precise location. Location information is used to tailor certain features (such as local market insights, regionalized news, or compliance purposes). You can disable location access at any time in your device settings.
 - **Device Information:** Type of device, operating system, app version.
 - **Usage Data:** Non-identifiable data such as frequency of use, crash logs, and error reports.
 - **Analytics:** We may use third-party analytics tools (e.g., Firebase, Google Analytics) to understand aggregate user behavior. These tools provide anonymized, statistical information and cannot be used to identify individual users.
-

2. How We Use Information

We use the information we collect to:

- Deliver push notifications you opt into.
- Provide location-based features, if enabled.
- Improve app performance and functionality.
- Detect and fix bugs or crashes.
- Understand general usage trends to improve the user experience.

We do **not** sell or rent your personal information.

3. Third-Party Services

Our app may use third-party APIs or services for:

- **Market Data Feeds:** To provide real-time stock, crypto, and commodities price information.
- **Analytics Tools:** To monitor app performance in aggregate.
- **Push Notifications:** Handled through Apple/Google notification services, which may collect device tokens for delivery.

These third parties may collect non-personal data as described in their own privacy policies. We encourage you to review their policies separately.

4. Data Security

We take reasonable technical measures to protect all app activity and prevent unauthorized access to location data, notification settings, logs, and market information.

5. Your Choices

- **Notifications:** You can control notification preferences at any time in your device settings.
 - **Location Data:** You can enable or disable location access through your device settings. Disabling location may affect some features but will not prevent use of the app.
 - **Uninstalling:** You may uninstall the app at any time, which removes all locally stored data.
-

6. Children's Privacy

Bet On is not directed to children under 13. We do not knowingly collect personal information from children. If you believe a child under 13 has used the app and shared personal data, please contact us and we will promptly delete it.

7. Changes to this Privacy Policy

We may update this Privacy Policy from time to time. When we do, we will post the updated version within the app and update the “Effective Date.” Continued use of the app after changes indicates acceptance of the new policy.

8. Contact Us

If you have any questions or concerns about this Privacy Policy, please contact us:
