

Ty Waters, MD, graduated from Capital High School in 2004. He received his Bachelor's Degree from University of Idaho, then attended medical school at University of Nevada, Reno, graduating in 2017. He completed his residency at Family Medicine Residency of Idaho, where he enjoyed working with a diverse range of patients in the community. Board certified in Family Medicine, he has served as a physician of Family Medicine at St. Luke's Mountain View Medical Center in Boise since 2021. Dr. Waters was born and raised in Boise and chose to return to Boise to practice medicine in order to give back to his community. He has been involved in local programs striving to increase diversity in medicine, and he has, in a very short period of time, established himself as a caring, conscientious doctor who treats patients with kindness and respect. Patients have described him as friendly, personable, attentive, considerate, a great listener, a problem-solver, and having "an awesome energy."

Krishna C. Mudumbi, PhD, graduated from Capital High School in 2000. He received his Bachelor's Degree from Emory University in 2004, then went on to receive his PhD at Temple University. A biophysicist, he is currently a postdoctoral associate at Yale University School of Medicine where he does cancer research by studying membrane proteins using [single-molecule microscopy](#). He was recognized for his work by the National Cancer Institute in 2021 with the Pathway to Independence Award for Outstanding Early Stage Postdoctoral Researchers. He serves as a co-chair of the Yale Postdoctoral Association and vice chair of the Yale Black Postdoctoral Association, where he actively elevates, supports, and celebrates his peers. [Just last week](#), Dr. Mudumbi was selected as a Duke Next Generation Leader for his work understanding the kinetics of RTK signaling, and how these dynamics are altered in cancer. Dr. Mudumbi participates in the Skype a Scientist program, which connects scientists to community groups and classrooms, and during the pandemic, he promoted public health by educating people about the safety and effectiveness of mRNA vaccines.

Nicole Trammel Pantera, JD, graduated from Capital High School in 1999. She received her Bachelor's degree from Willamette University in 2003 and her Juris Doctor from Willamette University College of Law in 2007. She then clerked for the Honorable Jim Jones at the Idaho Supreme Court before practicing at Hawley Troxell Ennis & Hawley in the areas of public finance & municipal law, as well as general corporate and corporate finance. Ms. Pantera was selected to receive the 2012 Outstanding Young Lawyer Award by the Board of the Idaho State Bar. She currently serves as Deputy General Counsel at Boise State University after starting as Associate General Counsel in 2014. Ms. Pantera is a member of Idaho Women Lawyers, she has served as both a board member and the president of the City Club of Boise, and she presently serves on the board of the Willamette University Alumni Association. As Deputy General Counsel for Boise State, Ms. Pantera has been an honorable steward of public monies by facilitating public-private partnerships to build the university's computer science center and the honors college residence building.
