Paper Title

- 18 font with bold and center justification
- All titles should be in standard mixed case, where the first letter of each word is capitalized and followed by lower case letters, as noted below:

Lean Manufacturing, Operations Management and Six Sigma Applications

Authors and Affiliations

- Author name – 12 font with bold and center justification
- Affiliation – 12 font with center justification
- Authors with same affiliation should be together
- Authors with different affiliation should be listed separately with one space in between
- Email can be added for each author
- Single space between affiliation and abstract title

Abstract (12 font)

Use font size 10 for the abstract text. Abstract ONLY submission could be up to 250 words.

Abstract Abstract Abstract Abstract Abstract Abstract

- Abstract title – 12 font with bold and center justification
- Abstract text – 10 font with full justification
- Not exceeding 250 words.

Keywords (12 font)

Keyword 1, Keyword 2, Keyword 3, Keyword 4 and Keyword 5. (10 font)

- No more than five keywords (10 font)

Page Layout

- 8 1/2" X 11" paper
- All margins: 1.00"
- Full justification
- Times New Roman font
- Maximum 500 words for abstract only submission
- Conference name as a header and copyright information as footer must be used. Copyright information implies that IEOM Society International has right to publication the paper

Acknowledgements

Add acknowledgement if need

Biography / Biographies (for single author – biography and multiple authors- biographies) – 12 font bold

- Include bio of each author at the end of the abstract, 10 font
- Limited to 250 words

Professor Dr Paramesh Hanumanthaiah is a distinguished academic in biotechnology and plant sciences, serving as Professor of Biotechnology at Bharatiya Engineering, Science & Technology Innovation University (BESTIU), Andhra Pradesh, India — a private university established to advance engineering, science, and technology education and research in India. Dr. Hanumanthaiah holds a Ph.D. in Biotechnology and has extensive experience in research and higher education, with expertise in plant biotechnology, molecular biology, genomics, genetic engineering, and molecular breeding. His research interests encompass plant molecular biology and transgenic crop development, particularly focusing on improving crop traits such as stress tolerance and pest resistance. Throughout his career, he has held academic and research positions at various institutions, contributing to teaching, research supervision, and scholarly publications in biotechnology and related fields. Dr. Hanumanthaiah is active in research communities and has authored multiple scientific articles in international journals.

Ahad Ali is an Associate Professor and Director of Industrial Engineering Program in the A. Leon Linton Department of Mechanical, Robotics and Industrial Engineering at the Lawrence Technological University, Southfield, Michigan, USA. He earned B.S. in Mechanical Engineering from Khulna University of Engineering and Technology, Bangladesh, Masters in Systems and Engineering Management from Nanyang Technological University, Singapore and PhD in Industrial Engineering from University of Wisconsin-Milwaukee. He has published journal and conference papers. Dr Ali has completed research projects with Chrysler, Ford, New Center Stamping, Whelan Co., Progressive Metal Manufacturing Company, Whitlam Label Company, DTE Energy, Delphi Automotive System, GE Medical Systems, Harley-Davidson Motor Company, International Truck and Engine Corporation (ITEC), National/Panasonic Electronics, and Rockwell Automation. His research interests include manufacturing, simulation, optimization, reliability, scheduling, manufacturing, and lean. He is member of IEOM, INFORMS, SME and IEEE.

Donald M. Reimer is the managing member of The Small Business Strategy Group, L.L.C and serves as an adjunct professor at Lawrence Technological University. Mr. Reimer holds a Bachelor of Science degree in Industrial Management from Lawrence Technological University and a Master of Arts degree in Political Science from University of Detroit/Mercy. He has been recognized as a professional management consultant with over 45 years of experience in working with closely-held businesses. He has taught courses in entrepreneurship, management and corporate entrepreneurship and innovation for engineers. Mr. Reimer served as member of the Minority Economic Development Committee of New Detroit. He has served as a KEEN Fellow for The Kern Family Foundation. He is

*Proceedings of the 6th India International Conference on Industrial Engineering and Operations Management
Bangalore, India, November 5-7, 2026*

member of the Lawrence Tech Alumni Board of Directors and has elected a Fellow of the IEOM Society International. Mr. Reimer is a faculty advisor of the Student Chapter of the IEOM Society at Lawrence Tech.
