

FAQ

Formats of Playthroughs - What does "this" mean in the title of the videos?

PT - PlayThrough, it's a normal run of a game without my commentary.

LP - Let's Play, just like the above but contains commentary.

WT - WalkThrough, it's an 100% run of a game, might or not contain commentary.

PR - Platinum Road, it's a video guide on getting the Platinum Trophy or 100% in achievements in a game, might or not contain commentary.

Boss - Simple as that, it's a boss fight usually extracted from one of the above and always without commentary.

Stream - Like it suggests, these videos came from previous streams of mine, so they probably aren't edited. May or not contain commentary (mostly does contain).
