LA1320 Production Theater	MU3010 Intro to Music Theory	WL1151A & 1151B Spanish 1
CS2010 A/B Adv Eng 1:Robotics	MU3040 Live Music Composition	WL1152A & 1152B Spanish 2 *

Engineering Diploma beginning courses. *See Course Description book for specific pathway details.*

Fall: CS1120A Creative Engineering A	**Spring:** CS1120B Creative Engineering B

Tips to choosing your classes:

- Fill in all the boxes on the front page. All-year-long classes count as two classes, like English, Spanish or Publication.
    a. Enter A & B classes into separate boxes. If a class has an A class, you must sign up for the B class too.
- Honors classes typically move at a faster pace than the regular class.
- There is only one AP course for freshmen: AP Human Geography. Summer homework will be published in June.
- Students will be placed into the requested core classes but you may not get all of your requested electives - this is why entering alternates is important! Your alternates are your **second** choices for electives. Counselors often use these to finalize schedules.
- There are LIMITED schedule changes. Please choose your classes wisely.

Choosing **ELECTIVES** for your freshman:

- Study Hall (both semesters) and Health are required electives.
- We highly recommend that your student take at least one PE class - see our course description book for specific pathways.
- World Language is considered an elective. We offer Spanish, Chinese and French; each level is two semesters long (all year). If you have successfully passed Spanish 1 with a C+ grade or above in middle school, we recommend you start with Spanish 2 in high school. Most middle school programs do the high school equivalent of Spanish 1 in two years; therefore, if you have completed one semester or one year of Spanish at the middle school, you might need to start with Spanish 1 at the high school level.

When reading the course descriptions:

1. Be sure to look at the grades that the course is open to; you can only take classes that are designated for 9th graders.
2. See if the course is one or two semesters - if it's two semesters (all year long, 1.0 credit), you'll enter the class in two boxes.
3. Look if there is a prerequisite, for example - you must take Beginning Ceramics before Intermediate Ceramics.
4. Some courses have required class fees, read course descriptions for details.
5. **If an application or audition is required - email the teacher for information**. Do not enter the class in a box; the teacher will let us know if you've been accepted into the class and a counselor will enter it on your requests & schedule.
    a. Topaz Select Choir, CR5, Acapella/Jazz Choir - Burd_Thalia@svvsd.org
    b. Symphonic Band, Wind Ensemble, Jazz Band, Drumline & Unified Percussion Ensemble - fruits_zachary@svvsd.org
    c. Concert & Symphonic Orchestra, Musical Theater Pit Orchestra - smiley_monica@svvsd.org
    d. Student Council, full year class. Link to the application is found in the course description online
    e. Yearbook, full year class. Link to the application is found in the course description online

CETC (Career Elevation & Technology Center) and IC (Innovation Center)

Go HERE for information on CETC; go HERE for information on IC.

Before considering a CETC or IC course, please consider the following information carefully:

- Freshmen may only request 2 classes at CETC (one class per semester) **OR** 4 at IC (two classes max per semester)
- Each CETC class takes TWO blocks (2 classes) in a student's schedule, either the morning classes or afternoon classes.
- Students may be placed in AGILE sections of courses offered, which occur on the EHS campus and class is virtual. This option traditionally makes the class one block for 2 semesters at CETC, or 1 block one semester for IC.
- Busing is provided from EHS to these locations in Longmont. Because the CETC/IC morning bus leaves at approximately 7:35am, alternate transportation TO school may be required. The CETC afternoon bus returns students to EHS at/around 2:45pm so alternate transportation HOME from school may be required.
- Students are responsible for packing their own meals when they attend CETC or IC.
- We will do our best to schedule lunch, an elective or Study Hall before or after CETC/IC class, but that isn't always possible; your student may miss a portion of a core class in order to attend CETC/IC.
- CETC/IC courses must be added to this sheet and requested in Infinite Campus; however, students are not guaranteed a seat for their class of choice and must add alternate course choices.
