

Dash and Dot
“Capture the Kingdom”

An Addition and Subtraction
Game

GOAL: Make it to your opponent’s Kingdom with the highest total of cards!

- ***You only can use 4 coding blocks each move.***
- ***The game ends after 5 rounds.***
- ***If you ram or hit the other robot, you give the cards you have to your opponent.***
- ***If you go completely off the board, go back to your last spot. You don’t lose or gain any cards.***

******The winner of the game is the person who makes it to their opponent’s Kingdom with the highest total of their cards.***
(Hint = Add them together)
