How to make money?

Money is an important part of this game just because you have to spend so much to build up your village... So only having side quests for money is quite boring right?

From 0.2 you'll be able to earn money through buildings you purchase for now the only ones are the bar, weapon shop, and the item shop.

Going and clearing the Pyramid of Ru.

It's a repeatable raid that will drop items that are either common items, rare items, or legendary items. Each raid you clear you to get 2 chances which will give you one of those rarities. Every 5th raid that's been cleared you'll unlock an additional drop.

Another Raid Just recently added is the raid in the dragon village that you go to with the quest The Dragon Trails its a raid with multiple mini bosses and two main bosses that you can only choice one of the main bosses to fight light or dark it is highly recommend you get raid gear from the previous raid or at least have the best gear you can and being a minimum of level 35 and have characters that have multi hit abilities for the light boss the drop rarity is the same as last how ever if you want to bypass the RNG and grind you can get coins that can be used to buy raid gear in the shop inside the raid The Characters i used for this raid was zendaya the MC Rika (trust me have a healer no matter what you will need it) and Dawn for multi hit abilities

Now that we are on the subject of raids what are my plans with this kind of content?

Older raids will get difficulties added eventually. And more raids will be added the amount of them probably depends on how much people like them but do expect plenty of them and increasing in difficulty.

How many girls should we expect?

I honestly have no idea... A lot but I will be careful with that because only so many of the girls can get an update each release and of course, I'm not planning on having any of the characters have only 3 scenes or 3 quests.

What if I find any bugs?

Send me a private message that might be best so you're sure I won't miss it. Preferably through discord might be even the best option I have a discord channel where people can post their bugs.

5. Animal Locations (Unlock More Habitats From Signs Near Habitat Portal) (DISCLAIMER This Is In No Particular Order You Can Get Them Whenever As Long As You Can Access The Areas) (More Will Be Added As I Find Them No Idea How Long It Will Be)(Also there 12 animals in total i have 16 locations here so idk if some are duplicated or what if you see ones that are please let me know on the discord server so i can fix it you can @ me my name is KindredSakura on there)

Location #1: Forest Directly Outside Dravonia Or Beside Your Village Once In Can't Miss It

Location #2: Farm East Of Dravonia Enter Then go To Left There's A Path Can't Miss It
