

Y e a r O f EROSCODE

*12 month journey to Pleasure x Dharma Mission for feminine leaders,
guided by Arm Astus.*

1. WHAT IS IT?

"Year of ErosCode" is a 12 month long journey that will crack feminine leaders open to Life's ABUNDANCE + their DHARMA BIZ PATH (in his many forms of: money, overflowing pleasure / lifeforce, creativity & ideas, connection to Spirit Daddy, deep feminine embodiment, opportunity, love, soul-dream growth, healing, upgraded consciousness) through PLEASURE CONSCIOUSNESS / SEXUAL ENERGY FORCE / FEMININE MAGNETISM.

2. WHO IS IT FOR?

For a woman who:

1. Is a **feminine leader / artist / biz owner / soul-mission devotee**
2. is here to get **on-her-knees DEVOTED** to rising to the next level of her **Dharma path / Soul mission / Fem business**
3. desires to explore the **raw power + deep intellect of her lifeforce** energy & **HOW to create her reality** FROM that energy. wants to **connect deeper + expand wider w her sexual energy** & pleasure journey.. to REALLY be so DEEPLY in **contact with her yoni & sensuality & orgasmic nature** (spiritually, energetically, physically, biz wise)
4. would LOVE to amplify her **business growth** through her **Eros & erotic OPENING to Life** + mirroring of her **BLINDSPOTS &** slay her **SHADOW LIMITATIONS** + taking bold powerful ****ALIGNED** actions**
5. aches to **manifest** abundance more from her **feminine energy**

6. she is done with endless **spiraling dry shadow work**... she wants to rewire her patterns but in a more **juicy+expansive way** 😊
7. even when **hustling & pushing** brings SOME result in her life.. she is fucking exhausted.. she is tired of pushing.. & her intuition is whispering to her “**there is a more balanced & sexy way to move to our dreams babe**”
8. is here to get **on-her-knees DEVOTED** to rising to the next level of her **Dharma path / Soul mission / Fem business**
9. she is here for **LIGHT & DARK**... she loves **tantra teachings** but she ALSO wants to bring out of the shadows the power of **kink & raw primal** wisdom in her sx (**←& then bind it all in relation of LIFE**)

3. WHAT U SHOULD DEFO KNOW?

This journey is **not** purely **trauma work based**. If you are in a place with your sexual energy journey where it is very-very locked & you are not sure if you can hold safe space for you.. then this is **not** the best place for you babe yet ❤️

It is okay to have some blockages + if coming into this journey feels “edgy” – then this journey is still for you!! (+ can do wonderssss 🥰).

But I need to make it really clear that **this is not a sexual trauma facilitation course**.

4. WHAT FLAVORS ARE WE TASTING?

(examples of our monthly themes / NB! they are NOT set in stone & might change xo)

-ACCEPTING THE BIGNESS OF YOUR SOUL month

getting out from the subconscious DENIAL of our bigness, integrating the fear of your bigness through pleasure + subconscious work & unleashing HER fully

-FROM LIL GIRL TO WOMAN EMBODIMENT month

there is no way to build an Empire from your Lil Girl wounding. how to bring her home AND not stay in licking our wounds forever & ACTUALLY RISE INTO OUR WOMAN? this month will show.

art of edging without orgasms to stretch your capacity in your energy field to hold more life / success / ideas / challenge / money / juice

liberating the inner slut energetics & our desire for “more” of life

-FANTASY month

every fantasy/desire has a REASON why it is there. we will receive info from our subconscious + see what is turning our SOUL on +.. give it to her

-“SPANK ME” month

getting punished by Spirit Daddy for not being a Good Girl;) & making Life “not going our way” the most juicy af experience..... & have our hearts wide fucking open.. even when our control crumbles

-FIGHTING LIFE month

we spill our lifeforce to “fighting” what is = us not trusting Divine = thinking “I know better” = trying to overmasculine Spirit Daddy = CLOSING OUR CAPACITY FOR ABUNDANCE

awakening the divine masculine within through Eros & activating boundaries bc without that... there is no container for the miracles, money, opportunities, clients, opportunities to flow in
